

EVENING NEWS REVIEW.

THIRTEENTH YEAR. NO. 55.

EAST LIVERPOOL, OHIO, WEDNESDAY, AUGUST 11, 1897.

TWO CENTS

A DESPERATE PAIR.

Brothers Battle With Prison Guards Near Boston.

BOTH RECEIVE BAD WOUNDS.

Several of the Guards Were Shot During the Melee—Everett Willis Visited His Brother Herbert—Tried to Help Him Escape.

Boston, Aug. 11.—While attempting to escape from the state prison at Charlestown Herbert Willis, the young Taunton desperado, who was recently sentenced to life imprisonment for the murder of Fred N. Strange, was fatally injured, and his brother Edward, visiting him, who assisted him in his break for liberty, was seriously wounded by the guards. Two of the latter were wounded.

Edward Willis had arrived at the prison to pay a monthly visit to his brother. He was admitted by the usual officials. Herbert was escorted to the guard room to meet him. At the time Officer Edward Whitham and Turnkey Darling were in the rotunda with Yard Officer Abbott, Officer Townsend and others. Other visitors were in the rotunda at the time, a man, two women and two children. The Willis brothers had been conversing in a low tone, sitting apart from the others in the guard room for about half an hour, when Officer Whitham saw the visitor pass a revolver to his brother, and together they sprang towards Turnkey Darling, their intention evidently being to secure his keys. Whitham rushed to Darling's assistance, and as he did so the Willis brothers opened fire. One bullet struck Darling in the thigh.

Seeing the desperate nature of the affair Whitham returned the fire, but missed. Officer Abbott, who came through the door into the guardroom at the same instant, saw the trouble and grappled with Edward Willis. Both brothers, who had been beating Darling, began to pound Abbott. Townsend, from the office door, then fired a shot, which penetrated the neck of Everett (not Edward) Willis, and a second later Officer Benjamin, who was on duty in one of the wings, fired a shot through the bars, wounding Everett Willis in the head.

Meanwhile Herbert Willis had fired several shots from his revolver, to which the officials responded, using great care not to hit the other visitors. A shot from the revolver of Officer Whitham took effect in Herbert's head, while one from Darling's pistol found lodgment in the back of the murderer's head.

Herbert Willis was then secured and removed from the scene. Everett Willis was also taken away, and the officers, nearly all of whom bore some mark of the affair, were given prompt medical attention.

It is thought none of them will suffer seriously, except possibly Darling, who is of advanced age. The bullet which struck him in the thigh passed through the limb and is considered dangerous, in view of the possibility of blood poisoning.

Herbert Willis is in a precarious condition as a result of his wounds, and there was little hope that he will survive.

His brother, though seriously wounded, it is thought, has a chance of recovery.

VISITED CATHOLIC SCHOOL.

The Summer Students Gave President McKinley a Warm Welcome.

PLATTSMOUTH, N. Y., Aug. 11.—President McKinley has paid a visit to the Cliff Haven Catholic summer school, the grounds of which adjoin the Hotel Champlain. The president was accompanied by the vice president, Secretary Porter and General E. C. O'Brien.

A large arch of evergreen and golden-rod had been erected at the entrance of Champlain avenue, and the road was decorated with the national colors. The school auditorium, where the reception was held, was gay with bunting. When the president and his party entered the auditorium the large audience rose and greeted the distinguished visitors with hearty applause. Still standing, the entire audience sang a song of welcome.

At the conclusion of the singing Rev. Dr. Lavelle, president of the school, made a short speech, expressing the appreciation of the school for the honor conferred by the visit. The president then received all who desired to meet him, and every man, woman and child present profited by the opportunity. Among those on the stage, besides President Lavelle and Secretary Mosher, were Archbishop Corrigan of New York, Bishop Gabriele of Ogdensburg and Thomas J. Gargen of Boston. The president spent a few minutes at the Champlain club, and appeared to be greatly pleased by the evidence of love and esteem which greeted him at every hand. Later the president visited Ausable chasm.

WILL VISIT ARMOR WORKS.

The Naval Board Extended Courtesies by Owners of Plants.

WASHINGTON, Aug. 11.—The naval armor board has been in session again in the ordnance bureau, devoting nearly all of the time to a study of the accumulated information in the navy de-

partment bearing on the subject of their investigation. Of this there is a great store, including the great mass of data collected for the benefit of Secretary Herbert when he reported to congress upon the cost of producing armor and also the material collected in pursuance of the investigation into the defective armor supplied some years ago by one of the firms.

The board has arranged for a visit to Bethlehem and also to Carnegie's armor works. Bethlehem will be visited Monday morning. Just how long a stay will be made there has not yet been settled, but from there the board will go to Carnegie's place, near Pittsburgh. Both of the armor makers have volunteered to admit the members of the board individually to the interior of their establishments and to furnish all proper information called for, which removes an expected obstacle to the investigation.

TO REFORM THE CURRENCY.

Issued Money Executive Committee in Session to Select a Commission.

CHICAGO, Aug. 11.—To carry forward its work the sound money executive committee appointed at Indianapolis last January met in this city to proceed with the task of creating a national commission, which President McKinley was prevented from naming by the failure of congress to pass the measure presented during the closing hours of the extra session.

The business of chief importance will be to select 11 men to devote their time to the work mapped out for them to compose the commission. To them will be entrusted the responsibility of undertaking to devise some satisfactory and acceptable plan for revising, reforming and regulating the currency system.

Seven members of the executive committee responded to their names when Chairman Hanna called the meeting to order. Those present were: Hugh H. Hanna of Indianapolis, E. O. Stannard of St. Louis, J. F. Hansen, Macon, Ga.; George Foster Peabody, New York; Augustus E. Wilson, Louisville; J. W. Fries, Salem, N. C., and H. H. Kohl-saat, Chicago.

The present outlook is that what is known as the Chicago plan will probably be adopted.

KENTUCKY REPUBLICANS.

A Harmonious State Convention Held at Louisville.

LOUISVILLE, Aug. 11.—James G. Bailey of Magoffin county has been nominated for clerk of the court of appeals by the Republican state convention.

Contrary to the expectations of many, the convention was entirely harmonious in its work. There was an idea in some quarters that there would be a bitter fight between the Bradley and Hunter-Todd factions, but the generalship of the party leaders on and off the floor of the convention prevented the anticipated clash.

The state and national administrations were endorsed and civil service was opposed along the lines laid down by the recent Ohio Republican convention. In other words, according to the Kentucky Republican view, civil service is good enough in its way, but there are certain offices which should be removed from its control.

The convention was a quiet one. There was no enthusiasm to speak of, the only real applause coming when the speakers referred to civil service reform.

PICKETT'S MEN EXPECTED.

Survivors of Old Confederate Division May Visit Philadelphia.

RICHMOND, Va., Aug. 11.—It is highly probable that the survivors of Pickett's old Confederate division will attend the reunion of the blue and gray at Philadelphia on Sept. 19. Colonel Frazier, of the Philadelphia Veterans' brigade, and Mayor Warwick, of that city, will reach here Wednesday next and formally present a pressing invitation for Pickett's men to be the guests of Philadelphia on that occasion.

At a meeting of Pickett's camp the whole matter was discussed by a committee, who were present as the representatives of that organization. It was arranged that the members of the camp will meet the city council and the Business Men's association on Wednesday, when the Philadelphia visitors will present invitations to the Confederate veterans. The visitors, during their stay here, will be given a hearty reception. It is almost certain that Pickett's men will accept the hospitalities of the Quaker city and attend the reunion.

Reinstated Thirteen Veterans.

PHILADELPHIA, Aug. 11.—Major Kretz, superintendent of the mint, has reinstated 13 veterans of the late war who were discharged from the mint at the beginning of the last administration.

Tobacco Destroyed By Storm.

VIROQUA, Wis., Aug. 11.—A wind, rain and hail storm has done more than \$100,000 damage to the tobacco farmers. Fully four-fifths of the crop is destroyed.

Artist Picknell Dead.

MARLBOROUGH, Mass., Aug. 11.—William Lamb Picknell, of Boston, the celebrated artist, has died here suddenly. He was 45 years of age.

Wife Murderer Executed.

DANEMORA, N. Y., Aug. 11.—Frank C. Conroy, the Ogdensburg wife murderer, has been executed by electricity at Clinton prison.

A NEW ARBITRATOR.

Universal Peace Union Wants to Settle Strike.

A LETTER TO THE FOEMEN.

President Love Asks the Operators and Miners For the Privilege of Arranging Terms of Peace—Westmoreland County, Pa., Invaded—News of the Strike.

PHILADELPHIA, Aug. 11.—The Universal Peace union has offered its services as arbitrator in the coal strike. The following letter, signed by President Love and a committee of the Peace union, was sent to the representatives of the operators and miners:

"To mine operators and miners, employers and employees and your representatives in Pennsylvania and elsewhere:

"Respected Friends: Recognizing that there is a widespread interruption of your business and fraternal relations which seriously involve your interests, good fellowship and happiness, the Universal Peace union would repeat its recommendations of the past, which, when respected, have proven salutary, and renews its offer of mediation, arbitration and conciliation.

"Capital and labor can not afford to be estranged.

"Violence under any circumstances is injurious. Individual rights must be respected. Reason and affection are competent to adjust any difficulties. Calmness, patience, petition, appeal, protest and prayer will triumph.

"Look on the advantages of both sides, what capital does for the workman and what the workman does for capital. Let us remember the trials incident of the life of a miner and at the same time the beneficent uses to which money can be applied. The relations are too sacred and intimate to be broken.

"As to compensation, we admit we are not able to name a price, but we have faith that this can be satisfactorily adjusted and is an individual concern according to merit and ability.

"We sincerely offer our services as impartial fellow-citizens and freely grant you the use of our historical rooms in Independence hall for any commission you may appoint having in view a settlement that will be fair, equitable and satisfactory, and thus avoid animosities that may involve loss of life, treasure and mutual good will."

NEW COUNTY INVADDED.

The Strikers Held a Big Meeting at Irwin, Pa., Today.

PITTSBURG, Aug. 11.—It is stated that the coal operators are becoming restless over the protracted strike and contemplate importing men.

It has been repeatedly announced that the New York and Cleveland Gas Coal company is determined to operate its mines, if possible. If the old men cannot be induced to continue at work it is reported that new men will be employed to take their places in the mines. Mr. DeArmit has refused to say anything on this subject, but has always contended that his old men would resume work if the strikers were withdrawn from around the mines. Other operators, it is known, have been quietly at work trying to secure new men, but nothing definite regarding their plans could be learned.

The striking miners encamped at Plum Creek claim that a large desertion has taken place from the DeArmit mines, and that the working force in the pit is too small to dig coal enough to supply the waterworks of the city of Pittsburgh at brilliant. The strikers have been predicting that the diggers would join their ranks as soon as they were paid, and they are disappointed because the men did not quit in a body.

The first entrance into Westmoreland county has been made and there was a meeting at Irwin today at 2 p. m., at which Dolan, Garland, Carrick and others spoke.

A SUCCESSFUL INVASION.

Ohio Strikers Complete Closing of the Wheeling District Railroad Mines.

WHEELING, Aug. 11.—A small army of Ohio striking miners from Wheeling Creek, on the Cleveland, Lorain and Wheeling road, numbering 127, have visited the Boggs Run mines. The Boggs Run men got wind of the invasion, and only six or eight arrived to go to work. These were taken in hand by the visitors and persuaded to sign a paper to stay out. Later the other Boggs Run men were seen and agreed to join the strike. This makes the suspension practically complete in the Wheeling district railroad mines.

The strikers proceeded up town to the Belmont and Riverside mill mines and made a demonstration there. A committee representing the strikers and one representing the mill miners met, and it was decided that the question of these men joining the strike would be decided by President Ratchford. If this course is pursued it will throw thousands out of employment. The action of the Bellaire Peddling banks in shutting down may be rescinded, as the Ohio strike leaders are not in favor of shutting down the mill banks.

The Wegee miners have decided to join the strike. This mine and the

Zealerington mines supply steamboats with fuel. A scarcity of fuel for the boats is now at hand.

STEWART MUCH DISTURBED.

He Deprecates Rumors About Guard Being Ready Owing to Strike.

HARRISBURG, Aug. 11.—Adjutant General Stewart is greatly displeased because of the numerous reports to the effect that certain officers of the national guard have been issuing orders to regiments and companies to get ready for anticipated trouble with the striking miners.

He says he does not believe any such orders have been given.

"I have issued nothing official, and nothing suggestive of calling out the troops has been given out from our department here."

A WARNING TO GOLDSEEKERS.

Secretary Bliss Points Out the Dangers in Going Now.

WASHINGTON, Aug. 11.—Secretary Bliss has taken cognizance of the rush to the Klondyke gold fields and Alaska, and has issued the following warning to the general public:

"To Whom It May Concern:

"In view of information received at this department that 3,000 persons, with 2,000 tons of baggage and freight, are now waiting at the entrance to White Pass, in Alaska, for an opportunity to cross the mountains to the Yukon river, and that many more are preparing to join them, I deem it proper to call the attention of all who contemplate making that trip to the exposure, privation, suffering and danger incident thereto at this advanced period of the season, even if they should succeed in crossing the mountains.

"To reach Dawson City, when over the pass, 700 miles of difficult navigation on the Yukon river without adequate means of transportation, will still be before them, and it is doubtful if the journey can be completed before the river is closed by ice.

"I am moved to draw public notice to these conditions by the gravity of the possible consequences to people detained in the mountainous wilderness during five or six months of an arctic winter, where no relief can reach them, however great the need.

"O. N. BLISS,
"Secretary of the Interior."

CONDITION OF THE CROPS.

Corn and Wheat Averages Show Good Prospects.

WASHINGTON, Aug. 11.—The August report of the statistician of the department of agriculture shows the following average conditions on Aug. 1:

Corn, 84.2; spring wheat, 86.7; spring rye, 89.8; oats, 86.0; barley, 87.5; buckwheat, 94.9; tobacco, 78.7; Irish potatoes, 77.9.

The condition of corn, 84.2, is 1.3 points higher than last month, 11.8 points lower than on Aug. 1, 1896, and 3 points lower than the August average for the last ten years.

The principal state averages are as follows:

Ohio, 85; Michigan, 85; Indiana, 92; Illinois, 93; Iowa, 78; Missouri, 87; Kansas, 70, a drop of 20 points during the month; Nebraska, 84; Texas, 93, decline of 18 points; Tennessee, 90; Kentucky, 92.

WILD TALES ABOUT HATFIELD.

Officers After Him, and Some Reported Murdered.

WILLIAMSON, W. Va., Aug. 11.—Wild stories are being circulated about the officers who are trying to capture "Cap" Hatfield, the desperado, who escaped last week from jail. The Hatfields are said to be strongly ensconced in a mountain pass, and have recently killed Deputy Sheriff Johnson and four other deputies, but none of these reports are confirmed. The officers are in hot pursuit, and Judge Doolittle insists on the sheriff capturing Hatfield at any cost or risk. It is believed there have been encounters, but nothing definite can be learned.

Gold Currency in Japan.

SAN FRANCISCO, Aug. 11.—The steamship Peru has arrived from Yokohama via Hong Kong with the following Japanese advices: "There is no doubt whatever that from Oct. 1 next Japan will have a gold currency. A circular issued by the specie bank announces that from that date it will pay gold for Bank of Japan notes. The Osaka mint is very busy at present minting new gold coins."

To Tour Mexico With Bryan.

CHEYENNE, Wyo., Aug. 11.—Congressman Osborne has been invited to accompany Hon. William J. Bryan this fall on a trip through Mexico to study the industrial conditions of that country and to look into the silver question as related to monetary affairs in the United States.

Negroes Warned to Leave.

CLAYTON, N. M., Aug. 11.—Notices have been posted conspicuously about town, warning all negroes to leave before Aug. 15. Nearly all are preparing to go away.

Lady Churchill's Dinner.

LONDON, Aug. 11.—Lady Randolph Churchill has given a dinner party at Cowes. Among the guests were the Prince and Princess of Wales, the Duke of York and Princess Charles of Denmark.

AN ANTI-FUSION COUP.

Began Convention a Day Ahead At Columbus.

MIDDLE-OF-ROAD POPULISTS WON.

They Gained Control of the Ohio State Convention—Anti-Fusion Delegates Are Seated In the Contests—Fusionist Candidate for Chairman Defeated.

COLUMBUS, Aug. 11.—The anti-fusion delegates to the Populist convention have sprang a great political coup. All the arrangements for the convention had been made by a committee composed principally of fusionists, and were calculated to further the fusion place. When the anti-fusionists discovered they had a majority of the delegates they prepared to strike while the iron was hot.

The district meetings were to have been held yesterday afternoon and the convention today, but this arrangement was ignored and the delegates were hastily convened in the auditorium at 3 o'clock in the afternoon. A temporary organization was formed with John Zitz of Mifflin as chairman and A. S. Lightwelder of New Philadelphia as secretary. Mr. Zitz is one of the leaders of the anti-fusion faction, and he defined his position in a brief speech upon accepting the chairmanship.

A recess was then taken and the district meetings were held in the auditorium, the committees being reported when the convention reassembled. Adjournment was taken to today.

When the committee on permanent organization met it was decided to make the temporary organization permanent. Hugh Cavanaugh, the fusionist candidate for chairman, was defeated by a vote of 19 to 2. The committee on credentials seated all the anti fusion delegates where there were contests.

Last night the fusionists had arranged a meeting to be addressed by ex-Congressman Towne of Minnesota, and to offset this the anti-fusionists arranged a rival meeting, which was addressed by W. S. Morgan of Arkansas.

SCHLATTER AND MRS. FERRIS.

He Took Out a Marriage License—She Denies Engagement.

CANTON, Aug. 11.—The man who says he is Schlatter, the healer, has taken out a license to marry Mrs. Margaret Ferris, widow of the man who invented the Ferris wheel.

Mrs. Ferris says she has not thought of marrying him. She calls him a freak. Mrs. Brockins, Mrs. Ferris' sister, says Schlatter must have hypnotized her.

Schlatter and Mrs. Ferris first met Sunday at Brady's Lake, a summer resort of the spiritualists, about 25 miles north of this city. Mrs. Ferris became ill and Schlatter was called to treat her at the suggestion of Miss Maggie Gaul, a test medium of Baltimore, who has long been a friend of Mrs. Ferris. The sick woman appeared benefited, and the two met several times afterward. Then he went for his marriage license.

MOTHER'S BLOODY CRIME.

Murdered Her Daughter, Attacked Son and Slashed Her Own Throat.

PAINESVILLE, Aug. 11.—Mrs. Amanda Ely, aged 37, has slashed her throat with a knife and then attacked her little son, aged 10, who was asleep, pounding him with a hammer and cutting his head in a horrible manner.

His cries brought the neighbors. They found the mother fainting from loss of blood, and upon a bed in a little back room lay the dead body of her daughter Mabel, aged 9. She had been strangled some time during the night.

Mrs. Ely and the boy will probably recover. Mrs. Ely has been separated from her husband about three weeks.

A Postoffice Robbed.

TIFFIN, O., Aug. 11.—Three masked robbers entered the postoffice at Republic, this county, blew open the safe and secured about \$300 in money. Henry Melber, Democratic nominee for representative, who had just resigned his position as postmaster, heard the explosion and saw the men leaving the building. He opened fire on them and badly wounded one robber, but he was assisted to a buggy and all made their escape.

Escaped Counterfeiter Caught.

CHICAGO, Aug. 11.—Inspector George W. Hazen of the New York district of the secret service has left Chicago with George Polyoramis, otherwise known as "Greek George," a counterfeiter of international reputation, who broke from Ludlow street jail last January.

Mrs. Scheuley's Daughter to Marry.

LONDON, Aug. 11.—The approaching marriage is announced of Captain Arthur Hay, a brother of the Earl of Erroll and a captain in the second battalion of the queen's own Cameron Highlanders, to Hermoine, daughter of Mrs. Scheuley, formerly of Pittsburgh.

Ohio Strikers Complete Closing of the Wheeling District Railroad Mines.

WHEELING, Aug. 11.—A small army of Ohio striking miners from Wheeling Creek, on the Cleveland, Lorain and Wheeling road, numbering 127, have visited the Boggs Run mines. The Boggs Run men got wind of the invasion, and only six or eight arrived to go to work. These were taken in hand by the visitors and persuaded to sign a paper to stay out. Later the other Boggs Run men were seen and agreed to join the strike. This makes the suspension practically complete in the Wheeling district railroad mines.

The strikers proceeded up town to the Belmont and Riverside mill mines and made a demonstration there. A committee representing the strikers and one representing the mill miners met, and it was decided that the question of these men joining the strike would be decided by President Ratchford. If this course is pursued it will throw thousands out of employment. The action of the Bellaire Peddling banks in shutting down may be rescinded, as the Ohio strike leaders are not in favor of shutting down the mill banks.

The Wegge miners have decided to join the strike. This mine and the

nearby iron mines supply steamboats with fuel. A scarcity of fuel for the boats is now at hand.

STEWART MUCH DISTURBED.

He Deprecates Rumors About Guard Being Ready to Strike.

HARRISBURG, Aug. 11.—Adjutant General Stewart is greatly displeased because of the numerous reports to the effect that certain officers of the national guard have been issuing orders to regiments and companies to get ready for anticipated trouble with the striking miners.

He says he does not believe any such orders have been given.

"I have issued nothing official, and nothing suggestive of calling out the troops has been given out from our department here."

A WARNING TO GOLDSEEKERS.

Secretary Bliss Points Out the Dangers in Going Now.

WASHINGTON, Aug. 11.—Secretary Bliss has taken cognizance of the rush to the Klondyke gold fields and Alaska, and has issued the following warning to the general public:

"To Whom It May Concern:

"In view of information received at this department that 3,000 persons, with 2,000 tons of baggage and freight, are now waiting at the entrance to White Pass, in Alaska, for an opportunity to cross the mountains to the Yukon river, and that many more are preparing to join them, I deem it proper to call the attention of all who contemplate making that trip to the exposure, privation, suffering and danger incident thereto at this advanced period of the season, even if they should succeed in crossing the mountains.

"To reach Dawson City, when over the pass, 700 miles of difficult navigation on the Yukon river without adequate means of transportation, will still be before them, and it is doubtful if the journey can be completed before the river is closed by ice.

"I am moved to draw public notice to these conditions by the gravity of the possible consequences to people detained in the mountainous wilderness during five or six months of an arctic winter, where no relief can reach them, however great the need.

"C. N. BLISS,
"Secretary of the Interior."

CONDITION OF THE CROPS.

Corn and Wheat Averages Show Good Prospects.

WASHINGTON, Aug. 11.—The August report of the statistician of the department of agriculture shows the following average conditions on Aug. 1:

Corn, 84.2; spring wheat, 86.7; spring rye, 89.8; oats, 86.0; barley, 87.5; buckwheat, 94.9; tobacco, 78.7; Irish potatoes, 77.9.

The condition of corn, 84.2, is 1.3 points higher than last month, 11.8 points lower than on Aug. 1, 1896, and 3 points lower than the August average for the last ten years.

The principal state averages are as follows:

Ohio, 85; Michigan, 85; Indiana, 92; Illinois, 93; Iowa, 78; Missouri, 87; Kansas, 70, a drop of 20 points during the month; Nebraska, 84; Texas, 83, decline of 18 points; Tennessee, 90; Kentucky, 92.

WILD TALES ABOUT HATFIELD.

Officers After Him, and Some Reported Murdered.

WILLIAMSON, W. Va., Aug. 11.—Wild stories are being circulated about the officers who are trying to capture "Cap" Hatfield, the desperado, who escaped last week from jail. The Hatfields are said to be strongly ensconced in a mountain pass, and have recently killed Deputy Sheriff Johnson and four other deputies, but none of these reports are confirmed. The officers are in hot pursuit, and Judge Doolittle insists on the sheriff capturing Hatfield at any cost or risk. It is believed there have been encounters, but nothing definite can be learned.

Gold Currency in Japan.

SAN FRANCISCO, Aug. 11.—The steamship Peru has arrived from Yokohama via Hong Kong with the following Japanese advices: "There is no doubt whatever that from Oct. 1 next Japan will have a gold currency. A circular issued by the specie bank announces that from that date it will pay gold for Bank of Japan notes. The Osaka mint is very busy at present minting new gold coins."

To Tour Mexico With Bryan.

CHEYENNE, Wyo., Aug. 11.—Congressman Osborne has been invited to accompany Hon. William J. Bryan this fall on a trip through Mexico to study the industrial conditions of that country and to look into the silver question as related to monetary affairs in the United States.

Negroes Warned to Leave.

CLAYTON, N. M., Aug. 11.—Notices have been posted conspicuously about town, warning all negroes to leave before Aug. 15. Nearly all are preparing to go away.

Lady Churchill's Dinner.

LONDON, Aug. 11.—Lady Randolph Churchill has given a dinner party at Cowes. Among the guests were the Prince and Princess of Wales, the Duke of York and Princess Charles of Denmark.

AN ANTI-FUSION COUP.

Began Convention a Day Ahead At Columbus.

MIDDLE-OF-ROAD POPULISTS WON.

They Gained Control of the Ohio State Convention—Anti-Fusion Delegates Are Seated In the Contests—Fusionist Candidate for Chairman Defeated.

COLUMBUS, Aug. 11.—The anti-fusion delegates to the Populist convention have sprang a great political coup. All the arrangements for the convention had been made by a committee composed principally of fusionists, and were calculated to further the fusion place. When the anti-fusionists discovered they had a majority of the delegates they prepared to strike while the iron was hot.

The district meetings were to have been held yesterday afternoon and the convention today, but this arrangement was ignored and the delegates were hastily convened in the auditorium at 3 o'clock in the afternoon. A temporary organization was formed with John Zitz of Millin as chairman and A. S. Lightwelter of New Philadelphia as secretary. Mr. Zitz is one of the leaders of the anti-fusion faction, and he defined his position in a brief speech upon accepting the chairmanship.

A recess was then taken and the district meetings were held in the auditorium, the committees being reported when the convention reassembled. Adjournment was taken to today.

When the committee on permanent organization met it was decided to make the temporary organization permanent. Hugh Cavanaugh, the fusionist candidate for chairman, was defeated by a vote of 19 to 2. The committee on credentials seated all the anti-fusion delegates where there were contests.

Last night the fusionists had arranged a meeting to be addressed by ex-Congressman Towne of Minnesota, and to offset this the anti-fusionists arranged a rival meeting, which was addressed by W. S. Morgan of Arkansas.

SCHLATTER AND MRS. FERRIS

He Took Out a Marriage License—She Denies Engagement.

CANTON, Aug. 11.—The man who says he is Schlatter, the healer, has taken out a license to marry Mrs. Margaret Ferris, widow of the man who invented the Ferris wheel.

Mrs. Ferris says she has not thought of marrying him. She calls him a freak. Mrs. Brockins, Mrs. Ferris' sister, says Schlatter must have hypnotized her.

Schlatter and Mrs. Ferris first met Sunday at Brady's Lake, a summer resort of the spiritualists, about 25 miles north of this city. Mrs. Ferris became ill and Schlatter was called to treat her at the suggestion of Miss Maggie Gaul, a test medium of Baltimore, who has long been a friend of Mrs. Ferris. The sick woman appeared benefited, and the two met several times afterward. Then he went for his marriage license.

MOTHER'S BLOODY CRIME.

Murdered Her Daughter, Attacked Son and Slashed Her Own Throat.

PAINEVILLE, Aug. 11.—Mrs. Amanda Ely, aged 37, has slashed her throat with a knife and then attacked her little son, aged 10, who was asleep, pounding him with a hammer and cutting his head in a horrible manner.

His cries brought the neighbors. They found the mother fainting from loss of blood, and upon a bed in a little back room lay the dead body of her daughter Mabel, aged 9. She had been strangled some time during the night.

Mrs. Ely and the boy will probably recover. Mrs. Ely has been separated from her husband about three weeks.

A Postoffice Robbed.

TIFFIN, O., Aug. 11.—Three masked robbers entered the postoffice at Republic, this county, blew open the safe and secured about \$300 in money. Henry Melber, Democratic nominee for representative, who had just resigned his position as postmaster, heard the explosion and saw the men leaving the building. He opened fire on them and badly wounded one robber, but he was assisted to a buggy and all made their escape.

Escaped Counterfeiter Caught.

CHICAGO, Aug. 11.—Inspector George W. Hazen of the New York district of the secret service has left Chicago with George Polyornanis, otherwise known as "Greek George," a counterfeiter of international reputation, who broke from Ludlow street jail last January.

Mrs. Schenley's Daughter to Marry.

LONDON, Aug. 11.—The approaching marriage is announced of Captain Arthur Hay, a brother of the Earl of Erroll and a captain in the second battalion of the queen's own Cameron Highlanders, to Hermoine, daughter of Mrs. Schenley, formerly of Pittsburg.

MONEY FOR FARMERS

SECRETARY WILSON'S OPTIMISTIC VIEW OF THEIR PROSPECTS.

He Says That the Higher Prices For Farm Produce May Amount to \$500,000,000. Will Make a Tour of the South in the Interests of Agriculture.

The Hon. James Wilson, secretary of agriculture, in an interview published the other day in The Manufacturers' Record, referring to the condition of American farm interests at present, says:

"The increase during the past year in the price of farm products, wheat and other cereals, vegetables and cattle for dairy use and slaughter, has amounted to hundreds of millions of dollars and may be as great as \$500,000,000, as has been roughly estimated. The increase in the value of the wheat crop alone is estimated at from \$75,000,000 to \$100,000,000 or more as compared with last year.

"There has been a general increase all along the line, and just as the food of live stock has increased in value so have beef, cattle, sheep, hogs and other stock furnishing us our meat."

Secretary Wilson says that at the urgent request of President McKinley he will make, early in the fall, a trip through the entire south and give a thorough study to the agricultural conditions of that region with a view to seeing if he can offer any suggestions as to improvement in markets or diversification of crops.

"One general need of the southwest," he says, "is a closer relation and a more rapid communication with the European markets, and with this object in view I have already placed myself in correspondence with several ocean steamship companies to induce them to establish lines direct between the ports of the gulf of Mexico and those of Europe, the steamships to be provided with refrigerators, so that the fruits, vegetables, dairy products and other perishable farm products can be shipped expeditiously to all the markets of Europe."

Mr. Wilson adds, "The farmers of this country should be just now the happiest people in the world because they are the most prosperous."

He believes that the farm interests of the south will share to the fullest in this new era of prosperity.

Speaking of his southern trip, the secretary says:

"I am sent by President McKinley, and I shall go upon his urgent request. I am not going as a high commissioner or special ambassador or special envoy or anything of that style. I shall not go in a special car, viewing the country from a car window while traveling at the rate of 40 or 50 miles an hour. I shall go as a plain American citizen. I want facts and facts only. I want to see the farmer in his shirt sleeves, not the politician, with his high sounding and plausible theories. I can get all of these I want right here in Washington."

"President McKinley was much impressed by his brief trip through a portion of the south during his visit to the Nashville exposition. He has as much interest, and he has told me so himself, in the south as in his own state of Ohio and is willing to do as much for its development. Before my return I shall again visit the exposition at Nashville. My other visit was far too brief to permit as thorough inspection and investigation of the south's resources as I should like."

In speaking of the general condition of agriculture Mr. Wilson says:

"Our statistics show that the wheat acreage in 1896 was 34,618,646, the yield 427,684,346 bushels and the value \$810,602,589. Of this crop about 5 per cent remains. The average price was 72.6 cents per bushel, the highest since 1891, when it was 83.9 cents per bushel. Already spot wheat is selling at an advance, and how much higher it will go I do not know. The increase in price and yield should amount to at least \$75,000,000, if not \$100,000,000. Of course I have no figures bearing on the yield for 1897, and I make no predictions as to fluctuations in prices."

"Wheat is only one article. Take corn. Of course the crop has not yet been harvested. The prospects are, however, for an abundant crop, and as its price is regulated to some extent by that of wheat good prices should be realized. There has been a falling off in the acreage of about 1,000,000 as compared with 1896. The total number of acres standing is 80,095,051. It is impossible, with no figures at hand, to estimate the corn product and the price. It is equally impossible, for the same reason, to estimate the average prices and increases in values, if any, of vegetables, hay, dairy products, poultry, etc. All we know is that there has been a general increase in the average all along the line."

"Just as the food of live stock has increased in value, so have beef cattle, sheep, hogs and other stock furnishing our meat. This does not apply to draft or driving horses and mules. The demand for them has fallen off because of overproduction in past years, increase of steam and electric railways and of bicycles."

Civil list pensions of \$500 each have been granted to the widows of Anthony Trollope and Charles Dickens the younger, "in consideration of the literary merits of their husbands and their straitened circumstances."

Work on the Grand Army Memorial chapel is now well under way. Contractor Floto says it will be the finest structure in eastern Ohio. The four big cannons have arrived, and will be taken to the cemetery today and tomorrow, and will be mounted on solid granite pedestals, one at each of the four main corners of the building. The finance committee report very generous subscriptions from the public. The secret societies and orders throughout the city are also making liberal donations. The fire department sent their check for a handsome sum, and the combined Musical local union No. 77 have kindly tendered their services for a grand concert, which will doubtless be arranged for in the near future. The Grand Army and Sons of Veterans will probably present the beautiful military drama, "Drummer Boy of Shiloh," about the holidays. Every one seems anxious to contribute something to this very worthy cause, and thus become stockholders in the chapel. Subscription papers will be placed in each of the manufactories of the city so that all the workmen may assist in the good cause, and all contributions, large or small, will be thankfully received and placed to the credit of the subscriber. All others who have not been seen by the finance committee can leave their donations with the treasurer, Mr. F. D. Kitchel, at the Potters' bank, or at Mr. Robert Hall's office. Our business men and merchants generally have been very generous, and we hope every one will do something, even though little, to help in the completion of this magnificent temple, which will be not only a monument to the memory of the union soldiers, but a beautiful chapel for the benefit of the public, and which will stand for ages.

THE BAZOO BAND

Met at the Armory Last Night For Practice.

The boys who are to make fun at the Steubenville encampment met at the armory last night to test their new instruments and transact such business as might come before them. It was decided to have an international instead of a farmers' band, and orders were placed for their costumes. Twelve nations will be represented in the band, and the parts have been properly assigned. A stage will be erected in the company street and a minstrel program carried out.

Chief Johnson arrived in the midst of one of the musical selections, and informed the boys that it would be necessary for them to desist for the evening or council would be compelled to adjourn. Not wishing to see the work of the city fathers retarded, the boys decided to allow council to proceed, and will meet again this evening.

BEAVER DAM

Was as Far as the Queen City Could Run Yesterday.

The Queen City arrived at this port at noon yesterday but could get no nearer Pittsburg than the Beaver dam. She was compelled to turn southward again, and laid up at this port until 10 o'clock this morning, when she left for Cincinnati. On the 8 o'clock train last night Capt. R. R. Agner sent 81 of his passengers to Pittsburg and this morning sent 25 more. There were still 31 people on the boat who were making the round trip. All the freight was sent to Pittsburg at noon today, as the packet company secured a special rate from the railroad. The boat was besieged with visitors during the evening.

Acetylene Gas.

We are now prepared to place on the market our machines for generating acetylene gas. These machines are adapted for lighting stores, factories, churches and private residences. Small towns and farmers can now have gas as well as those in the cities, as each consumer controls his own little gas plant, which is quite inexpensive. We guarantee to furnish six times as much light at less than half the expense of ordinary gas, electric light or kerosene lamps. A first-class agent is wanted in every county to sell our machines.

struments and transact such business as
might come before them. It was de-
cided to have an international instead of
a farmers' band, and orders were placed
for their costumes. Twelve nations will
be represented in the band, and the parts
have been properly assigned. A stage
will be erected in the company street
and a minstrel program carried out.

Chief Johnson arrived in the midst of
one of the musical selections, and in-
formed the boys that it would be
necessary for them to desist for the even-
ing or council would be compelled to ad-
journ. Not wishing to see the work of
the city fathers retarded, the boys de-
cided to allow council to proceed, and
will meet again this evening.

BEAVER DAM

Was as Far as the Queen City Could Run
Yesterday.

The Queen City arrived at this port at
noon yesterday but could get no nearer
Pittsburg than the Beaver dam. She was
compelled to turn southward again, and
laid up at this port until 10 o'clock this
morning, when she left for Cincinnati.
On the 8 o'clock train last night Capt.
R. R. Agner sent 81 of his passengers to
Pittsburg and this morning sent 25 more.
There were still 31 people on the boat
who were making the round trip. All
the freight was sent to Pittsburg at noon
today, as the packet company secured a
special rate from the railroad. The boat
was besieged with visitors during the
evening.

Acetylene Gas.

We are now prepared to place on the
market our machines for generating
acetylene gas. These machines are
adapted for lighting stores, factories,
churches and private residences. Small
towns and farmers can now have gas as
well as those in the cities, as each con-
sumer controls his own little gas plant,
which is quite inexpensive. We guar-
antee to furnish six times as much light
at less than half the expense of ordinary
gas, electric light or kerosene lamps. A
first-class agent is wanted in every
county to sell our machines.

ARE THREE APPLICANTS

After the Position of Daylight
Patrolman.

JOHNSON SEEMS TO BE THE MAN

While the Minority Are Working For the
Retention of Warren—All the Applicants
Have Had Experience In Police
Circles.

As far as known, there are but three applicants for the position of day patrolman. Chief Warren's term expires Monday, but the appointment will not be made known until the special meeting of council next Monday evening. The applicants are J. W. Johnson, a former night watchman; William Gossett, who has done extra duty on the police force, and Constable Davis, of Justice Haney's court. These three are known to have solicited the aid of councilmen. At present it looks as if Johnson will receive the appointment, as six of the seven councilmen on the police ordinance are said to be backing him. The minority are still supporting Warren, and want him appointed at a salary of \$45 a month, and not allow him to hold other offices. It is possible that Officers Mick and Thorn will quell daylight disturbances when Warren's term has expired and until an appointment is made.

They Walked Home.

As the last car from Wellsville was nearing the soap works last night a crowd of colored men from Liverpool boarded it, and when near the rolling mill had a free-for-all fight. Two of them got off the car, and after several blows had been struck, one of them started the car, leaving the fighters to walk home.

The News of Wellsville.

At the next regular meeting of council the cyclists will present a petition asking council to either abolish the ordinance requiring them to carry lamps or to put the paved streets in good repair. As it is the streets are so full of bumps and holes that it is impossible to keep a lamp lit.

As yet Manager Grafton has secured no game for Saturday. Salem wants to come Thursday, but that would not suit the home team.

The Fourth street Stars, of East Liverpool, met defeat on the fair ground, yesterday afternoon, at the hands of the West End Athletics by a score of 14 to 13.

The Wellsville football team got out for their first practice, last night. They will purchase new suits at once.

Mayor Jones had no cases this morning. Justice McKenzie gave a bum the customary dose.

A crowd of young folks gave a haying party last night. They left town about 7:30, drove to Highlandtown and got back at 1:30 this morning.

Captain Joblin wants to get out of the game for a while and rest up. He says the crowd roasted him too much on account of his errors Saturday. Although the errors did let in a few runs, they are about the only errors Teddy has had all season.

The ladies of the Methodist Protestant church gave a lawn fete in the church yard last evening.

Thirty-four cars of coal came into the Cleveland and Pittsburg yards this morning in the Conways, and most of them were the large hopper cars.

Olympics Will Organize.

The Olympic football team will meet this evening and organize for the season of '97. A manager and coach will be elected, and the boys will commence practice at once, and their first game will probably be played with their old time rivals, the Pirates of Wellsville.

They Were Married.

William Welch and Mrs. Debora Arb were married last evening at the home of the bride in Jackson street, Square Manley performing the ceremony.

COME AT ONCE.

This Week We Are Pushing

Puritan Sunday In Toronto.

A correspondent of The Christian Advocate says of Toronto: "The law disqualifies a saloon keeper for membership in the city council. The saloons—and, curiously enough, there are just as many saloons as churches—200—are under rigid oversight and are closed every night at 11 o'clock and all day Sunday. There are no Sunday newspapers, and the press generally is strongly on the side of law, order and decency. The streets are clean, a fact which is not without its bearings upon clean morals. There is an utter absence of drunkenness and of aimless loafing, and the police force is largely composed of temperance men, who have no sympathy with the demoralizing agency of the saloon."

Testing Fireproof Wood.

A navy department board has been making an investigation of the merits of the system of fireproofing wood used in warships. Some criticism has been passed on the treated wood, it being alleged that it is always damp and that paint will not adhere to it. The board has found that there is no trouble about the painting provided it has been properly done and that there is no valid objection to the use of fireproof woodwork in the interior of the ships. As to the allegation that the decks are kept damp by the fireproof material, the board determined to await the results of some practical tests now under way at the Mare Island navy yard.—Philadelphia Press.

Three Months Between Them.

Four months ago Mrs. Clarence Fitch, the wife of the auditor of the Cleveland Provision company, left that city for East Hartford, where she visited with girlhood friends. A few weeks later she gave birth to a healthy baby girl. As soon as Mrs. Fitch was able to travel she returned to her home in Cleveland and was apparently in the best of health. On a recent Sunday morning she gave birth to a plump baby boy, there being just 14 weeks between the two events. Both children are in excellent health.—Cleveland Leader.

King Receives an Honorary Degree.

King Oscar of Sweden and Norway, who will soon celebrate the twenty-fifth anniversary of his reign, has received the honorary degree of doctor in all the faculties of the University of Vienna. This is the first time that such a distinction, which had to be sanctioned by an imperial decree, has ever been conferred. A delegation of savants from the university will visit the jubilee at Stockholm to present the diploma to King Oscar in person.

GAVE \$600 TO A MINER.

Now He Will Be Repaid a Hundredfold
For His Generosity.

Robert McLean, a man well known in Seattle, has just established a reconciliation with his wife under circumstances that involve a strange story of the Klondike goldfields. McLean is now about 60 years old. In his early days he was a miner, and many years of his life were spent in California mining towns. For the past 15 years he has made Seattle his home. Until one year ago he and his wife were happy, and he admits that they never exchanged an angry word. Last fall a Yukon miner arrived from Alaska. He had a claim, he said, in the Northwest Territory worth \$100,000, but he said he was poverty stricken and needed money with which to buy an outfit and food. He interviewed a dozen people and tried to raise several hundred dollars. Alaska was not as well known then as it is now. Everybody laughed at him. He made every effort to get money, but failure accompanied him until he met McLean. The latter had by hard work saved \$600. He agreed to give it to the Yukoner with the understanding that they share alike the product of the claim.

Mrs. McLean was so angry when she heard of her husband's move that she consulted a lawyer. The latter said nothing could be done. Mrs. McLean gave her husband the choice of taking back the \$600 or causing a separation. He staid by his Yukon friend, and he and his wife lived apart. Now it's all changed. The steamer Portland brought a letter. The Yukoner had returned to his claim with an outfit and provisions, worked hard all winter and taken out over \$20,000. He writes McLean that he will be down shortly with about \$30,000. The claim, he writes, is worth \$50,000. McLean told his wife. She asked his pardon, and they are now living together, watching every evening for the return of the Yukoner who borrowed their last \$600 and caused a separation.—Exchange.

Another Penny Did It.

Soon after the doors of a London theater opened one evening a little girl of about 6 years of age and her elder sister took their seats in the pit. The little one had been prattling away for some time when the footlights were turned up. Upon seeing the sudden increase of light she remarked loudly to her sister: "Look, Nellie. They've put another penny in the slot."—London Answers.

A Bad Negro Caught.

ASHEVILLE, N. C., Aug. 11.—Bob Brackett, the negro who assaulted Miss Kittie Henderson near here, has been caught and fully identified.

ASSASSIN'S FATHER MOURNS.

Golli Son of an Honest Italian Tailor—
Masses For Canovas.

MADRID, Aug. 11.—A dispatch from Lucra, Italy, says that the Italian police have identified Golli, the assassin of Senor Canovas, as Michel Angiolino. He is 33 years of age, and was born at Foggia, capital of the province of that name in the Apulian plain.

His military record was very bad. He proved an indifferent and disobedient soldier, and was sent for three years' service in the disciplinary battalion. Subsequently he became a compositor. In April, 1896, he was sentenced to 18 months' imprisonment for disseminating anarchist propaganda, but after serving a part of the term he escaped to Spain. He comes of an honest family. His father, who is a tailor, is grief stricken by the crime of the son. The body of the late premier lies on bed in the apartments which he occupied at Santa Agueda. It is covered with a shroud, two tapers are burning at the foot of the bed and an altar has been erected in the room and masses for the repose of the soul of the dead are being constantly celebrated.

Senor Castelar, the Republican leader, in an interview is quoted as saying that he will not join any cabinet unless it is a Republican one, adding that Senor Segasta, the Liberal leader, ought to be a member of the new cabinet, with the pledged support of the Conservatives.

THE GOVERNMENT SUE.

Cramps Ask Over a Million Dollars For
Alleged Delays.

WASHINGTON, Aug. 11.—The William Cramp & Sons' Ship and Engine Building company, of Philadelphia, has brought suit against the United States government in the court of claims to recover damages alleged to have been incurred by the company in building the battleships Massachusetts, Iowa and Indiana, and the cruisers New York, Brooklyn and Columbia.

The complainants cite delays and defaults of the United States in furnishing the armor plates and plans under the contracts as the basis of the proceedings.

The amounts claimed in the several suits aggregate the sum of \$1,736,149.

American's Claim Against Honduras.

WASHINGTON, Aug. 11.—The state department has received the claim of James F. Belden, of Louisville, Ky., against the Honduras government for \$20,000. Belden was an engineer of a railroad, and was several times placed in danger of summary execution because he could not obey impossible orders from one of the commanders of some troops engaged in repressing a revolution last spring.

The Weather.

Showers, followed by fair; fresh west to northwest winds.

Former L. A. W. Consul Arrested.

DETROIT, Aug. 11.—William McLean, a collector for the Grand Trunk railway, has begun suit against and caused the arrest of Joseph M. Bresler, former chief consul of the Michigan L. A. W., for \$50,000 for alleged alienation of Mrs. McLean's affections.

Train Wreckers' Work.

PHILLIPSBURG, N. J., Aug. 11.—Train wreckers have been at work again on the Central Railroad of New Jersey, and last night for the fourth time in as many months accomplished the wreck of two fast freight trains. Several persons were injured.

Snake Had Eaten Dozen Eggs.

HAGERSTOWN, Md., Aug. 11.—Mrs. Joseph Bowers discovered a black snake three feet long in a hen's nest, gorging itself with eggs. She killed the reptile. It had eaten a dozen eggs and swallowed one without breaking the shell.

Partner Objects to Swearing.

JERSEY CITY, N. J., Aug. 11.—Because his partner, August Morris, is alleged to indulge too freely in profane language, James Cotter wishes to end the partnership which has existed for several years.

Welland Canal Damaged.

PORT DALHOUSIE, Ont., Aug. 11.—There has been a break in the Welland canal. The steamer Britannia, bound up, ran into lock 6 and carried away four gates. Navigation is stopped at this end.

Accused of Embezzling \$10,000.

DETROIT, Aug. 11.—A warrant is out for Clifford G. England, bookkeeper for the Warren-Scharf Asphalt Paving company, who is charged with embezzling \$10,000 cash of the concern's money.

Storm In New Jersey.

PATERSON, N. J., Aug. 11.—A terrific storm has struck this city. The rainfall was the heaviest in 25 years in the city, and much damage was done by the cyclonic wind which accompanied it.

Selling Price of Silver.

NEW YORK, Aug. 11.—Bar silver has made a new low record, selling in this market at 54½c, ½c below the lowest previous price. The quotation for Mexican dollars was 43½c.

September Wheat at 79.

CHICAGO, Aug. 11.—September wheat has sold on "Change" at 79c, the highest point reached during the present bull campaign.

Works Running Again.

WILMINGTON, Del., Aug. 11.—After a shutdown of six weeks the Delaware Iron works at New Castle have resumed operations.

From New York to Cardiff involves a voyage of 2,949 knots.

ishment. Will the right eventually prevail, and will cunning tricksters and pothouse politicians be ousted from office? Certainly! Don't for a moment doubt it. Right is sure to win. The process may be slow, and the patience and faith of honest men may be sorely tried. But right will win, even in local politics, and the shysters and tricksters will be deposed, never again to receive positions of trust at the hands of good citizens. The process of regeneration is even now in progress, and political heads will drop into the basket with a dull and sickening thud; sickening to the pothouse politicians, but a matter of keen enjoyment to all honest voters and good citizens. Watch the process.

MT. PISGAH'S PROPHECY.

D. J. Smith Is Causing the Dry Bones to Rattle.

The following from the Lisbon Journal is pertinent and to the point, and demonstrates the fact that D. J. Smith is still in the land of the living and that he is not only not demoralized, but is strictly in the swim, and a thorn in the flesh of men who resort to treachery and low cunning in politics, and who dare to call themselves astute and brainy politicians, basing their claim to such a title in the fact that they are absolutely unscrupulous and pay not the slightest attention to truth, honor or integrity. From such politicians, God deliver Columbiana county, East Liverpool and the nation at large. D. J. Smith has a following of which he may well be proud, and this following will make itself felt at the time when its action will accomplish the most good. Read this criticism:

"The Buckeye State is in a peck of trouble over one D. J. Smith, of St. Clair township. The editor insists that the said D. J. has no political influence and is really not worth noticing, and then to prove the assertion devotes about one-half column to him each week. It is not long since D. J. Smith was considered all right. With his delegates he helped to solidify Columbiana county for R. W. Tayler at a very critical time in the Alliance convention. A few years prior to this he was considered sufficiently important to be worthy a visit of William McKinley, who was then candidate for governor, and the visit was accordingly made to the "Summit of Mt. Pisgah." But now the eternal fitness of things has some way or other jumped a cog and D. J. Smith is considered politically a very bad man because he will not climb into the band wagon of the Ring. We are not very well acquainted with this man personally who has incurred the wrath of the powers that be, but it is generally conceded that he can neither be frightened nor purchased. So much can not be said for several of the Ringsters."

COURT NEWS.

Many Items of Interest From the County Seat.

LISBON, Aug. 11.—[Special]—The appeal from Judge Boone's decision in the estate of the late James Davidson, of Wellsville, was placed on file with Clerk McNutt, this morning. The case grew out of the exception taken by the widow to the inventory of her husband's estate. The exceptions were sustained by the lower courts, and the executor, Job A. Noble, was ordered to take into his possession certain notes which the widow claimed were given by her husband to P. M. Smith, of Wellsville, with intent to keep her out of her rights.

Mrs. Annie Maple, who was recently sued for divorce by her husband, Frank Maple, of Sahnville, filed a motion in court this morning asking an allowance of reasonable alimony to pay her attorney's fees.

Deputy Sheriff Bick yesterday afternoon on the premises offered for sale the Wellsville soap factory, but did not have a bidder. The plant was forced to sale on a judgment given Augustine Haller, and was appraised at \$19,000. It will be reappraised and offered for sale Sept. 14.

A deed has been recorded by Recorder Gease, in which Philip McBane and wife convey to the Pleasant Heights Land and Improvement company, 97½ acres in East Liverpool for \$9,000.

FAIR BUSINESS.

There Were Not Many Cars Loaded, But Much Ware Was Shipped.

There was a fair day's business transacted at the freight depot yesterday. There were 17 cars loaded at the outbound sheds, eight were unloaded and it is estimated 92 cars were handled during the day.

The outbound platform was crowded this morning, and there was barely room for a team to go through. It has been some time since so much ware was sent to the depot for shipment as yesterday.

20 cent brooms tomorrow for 13 cents, at Kinsey's 5 and 10.

EXCITEMENT ON LINCOLN AVENUE

Jealousy on the Part of the Husband Claimed as the Cause of the Quarrel. Sid Burrows Taken Into Custody. Another Arrest.

Officers were called to the residence of Sid Burrows, on Lincoln avenue, yesterday evening, to quell a family row, which was causing considerable excitement in the neighborhood.

It is said that all has not been serene in the Burrows household for some time, and little tilts are not infrequently heard between man and wife. Not until yesterday, however, had affairs assumed such proportions as to necessitate the presence of officers. Burrows, it is said, consulted a lawyer as to the best means of ridding himself of his wife, whom, he claimed, was making his life miserable, and was advised to set her goods out of the house and lock the doors. In the absence of the wife this was done, and after carefully locking the doors, Burrows walked down town. Not many minutes elapsed before the wife returned to find all her effects in the yard. On trying the door and finding it locked, she threw her weight against it and effected an entrance. Burrows returned a few minutes later to find the partner of his joys and sorrows ensconced in the house. A heated quarrel followed and Mrs. Burrows informed her husband that she would secure police protection, and started for the patrol station. After the wife had left, the husband picked up their two-year old child and said he would meet the officers half way.

He evidently changed his plans, and started out in a different direction. Officers arrived at the house with Mrs. Burrows but found the husband absent. Burrows returned home a few minutes later and had reached the back door before he discovered the presence of the officers. He fled precipitately down the alley, in the meantime having disposed of the child.

This morning he was given a hearing by the mayor, and it was decided to let him remain in jail until the case could be investigated.

Jealousy on the part of the husband is claimed by the wife to be the cause of their difficulties, while the husband charges his wife with infidelity.

A SALTY DOSE.

The First Two People to Go to the Works.

Billie Quinn, who was arrested last evening for being drunk and acting disorderly, was given a hearing this morning. As he is quite an old timer, he will be taken to the works tomorrow morning, and will not return for 60 days.

Jack Delaney, who has been assistant janitor for a few days, was fined \$9.60, and, as he could not put up any coin, he will be railroaded with Quinn. He will stay there 30 days, unless his fine is paid in the meantime.

TO THE MINERS.

Squire Hill This Afternoon Telegraphed \$100.

Squire E. W. Hill this afternoon telegraphed \$100 to the miners' headquarters at Columbus. It is the intention of the committee in this city to send to the striking miners \$100 every Monday and Wednesday as long as the money holds out. The subscriptions are at the office, but papers will be circulated signed by the president of Trades council and being the official act of the body.

Good Manners and Quick Wit.

The little viscount is receiving a few friends in his bachelor quarters. Among them is Boireau.

The latter, having allowed his cigar to go out, throws it without ceremony on the carpet. In order to give him a lesson in good manners the little viscount stoops to pick it up, but Boireau, feigning to misunderstand his intention, interposes:

"Oh, leave the butt, my dear fellow. Take a fresh cigar."
And he hands him the box.—Paris Figaro.

Incorporators Meet.

The incorporators of the East End Land company met last evening for the purpose of waiving the 30 days notice, and the books were ordered opened for subscriptions. A stockholders' meeting has been called for Friday evening, at which time seven directors will be elected.

THE true unionist always gives a fair day's work for a fair day's wage. When he neglects this, or fails to do it, then he becomes a non-unionist and is doing evil and injustice where he holds membership.

JUST RIGHT.

The Canton' workhouse is now open for loafers and bums who break the law, and this undesirable class will not have the pleasure of loafing at city hall and eating good food at the expense of the city. The action of council last night is to be commended. Let the loafers earn their grub by the sweat of their faces.

CLEAN POLITICS.

Is it possible that political life can be made clean and void of treachery, chicanery and low cunning? It is possible, but not very probable. And it is far from PROBABLE at the present time in this neck of woods. Low cunning, falsehood, knavery, jugglery and absence of right and truth seem to be characteristics of local politics, and if the nation at large is conducted on the same low standard of political life, then God help the nation. This may sound like a harsh and unmerited criticism to the uninitiated citizen and voter; but, to the man who is associated with political work in this immediate section, it is the plain, unvarnished truth. " 'Tis true, 'tis pity; and pity 'tis, 'tis true." Where lies the remedy? There is but one genuine, real, practical remedy. Where is it? It rests with the great mass of honest and true voters—the men who make use of the ballot. It rests with public opinion. It rests with political education. Let the masses know that political life, as at present constituted in this vicinity, is a hotbed of corruption, intrigue, deceit, and untruth. Let the public know that would-be leaders are absolutely unscrupulous and that they will resort to any method, no matter how unmanly, vile or debasing, in order that they may accomplish their ends, and, when detected, will smile, and fling in your teeth, that hoary-headed lie and devil's chestnut: "All things are fair in politics." Educate the people to to recognize the fact that the man who will lie and cheat in a matter of political life, will lie and cheat in private and business life. The only feature which will hold him in check is the fear of detection and pun-

ishment. Will the right eventually prevail, and will cunning tricksters and pothouse politicians be ousted from office? Certainly! Don't for a moment doubt it. Right is sure to win. The process may be slow, and the patience and faith of honest men may be sorely tried. COUNCIL RENEWS THE CONTRACT

With the Canton Workhouse—Cook Street
and Jethro Street Will Be Paved Before
the Snow Flies—Pennsylvania Avenue
Condemnation Proceedings Stopped.

The banner session of council was held last evening, and more business was transacted in a short space of time than at any meeting held for years.

President Peach called the meeting to order promptly at 8 o'clock with all members present except Messrs. Horwell and Marshall.

The minutes were read and approved and an ordinance to establish grade lines on East alley was placed on its second reading. An ordinance to assess a special tax on property abutting on Elm street to pay for laying a sewer was passed. The ordinance granting to the W. J. McClurg Gas company a franchise, came up on its second reading, and Solicitor Grosshans explained that the committee to whom it had been referred had met and made some amendments, the principal ones being that all mains should be laid in the alleys, the work should be under the supervision of the city engineer, all gas for lighting and heating city hall and the fire station should be furnished free, the company file a bond of \$5,000 to save the city harmless from damages, the plant to be equipped and completed in one year, and any violations of the provisions of the ordinance to cause the franchise to become null and void.

W. J. McClurg was present and stated that he only had one objection to the amendments and that was to furnishing free gas to the city, and in order to prevent extravagance and wasting, suggested that the company allow the city 50,000 cubic feet per annum, and all over that be charged at the regular rates, less the discount of 20 per cent. As far as the alleys were concerned, he said the company would prefer to lay their pipes in alleys as it meant a saving of \$1 to \$1.50. He was very anxious to get the franchise as soon as possible and asked that council pass it, but the ordinance took the regular course.

A petition signed by over 200 representative citizens asked that measures be taken toward making the old cemetery available for park purposes. At this juncture President Peach left the chair and sent Marshal Johnson upstairs to quell the noise in the armory. When he returned, upon a motion of Mr. Ashbaugh, the matter was left in the hands of Solicitor Grosshans, Engineer George and President Peach, with instructions to report at the next meeting.

There were no committee reports, and the reports of the city officers were heard. During the month the fire department answered five fire, 19 patrol and five ambulance calls, and conveyed 14 prisoners to the lockup. The street commissioner and his force did a great deal of general work, while Mayor Gilbert collected \$46 in fines and licenses. The water works report shows a balance of \$574.82, while the report of City Treasurer Herbert was the same as published in the NEWS REVIEW yesterday.

The pay ordinance was passed without a murmur and an ordinance to license bill posters was read for the first time. It provides that no person shall be permitted to advertise in the corporation any compound not manufactured in the city without first obtaining from the mayor a license which shall cost \$50 a year. The bill poster shall wear a badge upon which the words, "licensed advertiser" and the name of the license shall appear. Violation of the ordinance is punishable by a fine of not less than \$5 nor more than \$25. The ordinance is to be in no way construed to refer to merchants doing business in the city.

A resolution to pave the west side of Jefferson street from Third to the railroad was passed under a suspension of the rules.

An ordinance to improve Eighth and Jethro streets from the Horn switch to the West End school house, by setting curbing and paving the sidewalks, was read. The improvement was recommended by the board of improvement, and upon motion of Mr. Ashbaugh, seconded by Mr. Olmhausen, the rules were suspended and the ordinance passed by a unanimous vote.

An ordinance establishing grade lines on Pennsylvania avenue came next, and was also passed under suspension of the rules.

ROYAL BAKING POWDER Absolutely Pure.

ROYAL BAKING POWDER CO., New York.

An ordinance establishing street railway route No. 3, commencing at the intersection of Eighth street and Lisbon road, running thence northward along the Lisbon road, providing for one track with necessary turnouts, was passed under suspension of the rules.

The Cook street ordinance came next and Clerk Hanley explained that it had been read for the third time June 8, but was laid over. The engineer explained that the matter had not progressed any and Prof. W. L. Thompson, who was present, was asked to explain. He said: "It has never before been my privilege to attend a council meeting where as much business has been transacted, and I hope you will keep it up. You are all aware of the necessity of improving the street. As it is now, the street railway is in a canon, with mountains on either side. All the property owners have signed waivers except Brozka and Rayl, who combined, own but 40 feet. They will not be damaged in the least, but I don't believe they would sign the waiver in the next 10 years."

Mr. Stewart said, in view of the fact that all damages were to be assessed against the property abutting on the street, he would ask for a call of the roll, and the ordinance was passed unanimously.

Upon motion of Mr. Cain, the clerk was instructed to advertise for bids at once for the improvements contemplated.

Mr. Ashbaugh then brought up a new subject, and said: "I move you renew our contract with the Canton workhouse so the mayor can have some power with the old stiffs and bums that come before him. This thing of paying for 100 or 111 meals every month to keep them is worn out. One bum was dumped off the patrol a short time ago and he said: 'Mr. Ashbaugh I am used to this, and I like to come back.'" The motion was seconded by Mr. Challis, and carried unanimously.

The engineer was instructed to establish grade lines on Burton alley from Lincoln avenue to Calcutta road, and the report of the census was ordered filed. An invitation to the Steubenville centennial was acknowledged after Mr. Olmhausen had inquired if it was accompanied by passes. Mr. Challis moved that the clerk be instructed to advertise for bids to construct a culvert on Bradshaw avenue near the Buckeye pottery.

There was some discussion in regard to the matter, and Mr. Stewart said it would be well to wait until the sewer commissioners arrived at some conclusion as to whether sewer district No. 2 would be established. The motion was withdrawn, and Commissioner Finley was instructed to put the bridge in safe condition.

Mr. Olmhausen asked what had been done with the Pennsylvania avenue condemnation proceedings, and the engineer replied that they were working on them.

Mr. Challis called attention to a bad hole in Avondale street near the property of George Potter, but it became lost in the shuffle.

Mr. Stewart was called to the chair and President Peach asked what had become of the action toward having a man to superintend the opening of the streets. The solicitor stated he had written to Wheeling to get a copy of their ordinance, but had not as yet received any word from them. Mr. Peach said: "If there is not something done soon we will have to repave the streets. Every man who tears them up leaves a depression or a raise. The gas company recently made three openings on Sixth street and two on Fifth and the man employed to repave them had no more business doing it than I have in preaching. I move you we employ a man to go over the streets and repair them when necessary." It was seconded by Mr. McCain and carried unanimously. Mr. Stewart

JOLLY HAY PARTY.

They Enjoyed Themselves Until an Early Hour.

The party embraced some 15 jubilators, ensconced in a mass of hay, bound for the rural residence of Mr. J. F. Billingsley, on the Spring Grove road, which they reached at an early hour. Doctor Bean and Charles Husler made merry music enroute, upon mandolin and autoharp, and those who loved dancing had their fill of this amusement after reaching the residence of mine host Billingsley. The night was spent in singing, dancing and playing of old-fashioned games, and in partaking of choice refreshments. Rumor had it that the affair would windup with a wedding; but this part of the program failed to materialize, much to the regret of those present. The ladies of the party put up a wicked job on the lords of creation by passing them into a recess and seating them, one at a time, on an easy chair, behind which were assembled all the fair damsels, one of whom was to kiss the blindfolded victim, he to guess the name of his assailant or pay a forfeit. Concealed behind an inner curtain was Charley Husler, and he, unknown to the sufferer, went through the osculatory performance. There was a rumor on the street this morning that this part of the contract resulted in Charley's untimely demise—poisoned. The hay fiends reached home about 2 o'clock this morning. They assert that Billingsley is the host of hosts.

STEVENSON'S SURREY

Was Attached Last Evening By Constable Lyon.

A surrey in the possession of Thomas Stevenson was attached last evening by Constable Lyons. The writ was issued from Squire Manley's court and is signed by Frank Dickey. The latter claims Stevenson bought the vehicle at a recent sale and gave a joint note as payment for it. Since young Stevenson left his father had lent the rig to a Chester liveryman, who was letting it out. Someone telephoned to the parties last evening and the rig was sent over. The constable then took possession. Stevenson's brother came to the Dickey home this morning and said he had bought the rig from his father yesterday and would like to have it back. This Dickey refused to do, and the matter will now be settled in court.

GETTING THE LINES.

Work Commenced This Morning on the New Railroad.

Engineer J. C. Kelly this morning began work getting the lines from the Dawson farm near Smith's Ferry to Robinson street for the proposed route of the East Liverpool, Clarkson and Lisbon street railway. Two representatives were here today and spent their time inspecting all the available entrances to the city.

COUNCIL RENEWS THE CONTRACT

With the Canton Workhouse—Cook Street
and Jethro Street Will Be Paved Before
the Snow Flies—Pennsylvania Avenue
Condemnation Proceedings Stopped.

The banner session of council was held last evening, and more business was transacted in a short space of time than at any meeting held for years.

President Peach called the meeting to order promptly at 8 o'clock with all members present except Messrs. Horwell and Marshall.

The minutes were read and approved and an ordinance to establish grade lines on East alley was placed on its second reading. An ordinance to assess a special tax on property abutting on Elm street to pay for laying a sewer was passed. The ordinance granting to the W. J. McClurg Gas company a franchise, came up on its second reading, and Solicitor Grosshans explained that the committee to whom it had been referred had met and made some amendments, the principal ones being that all mains should be laid in the alleys, the work should be under the supervision of the city engineer, all gas for lighting and heating city hall and the fire station should be furnished free, the company file a bond of \$5,000 to save the city harmless from damages, the plant to be equipped and completed in one year, and any violations of the provisions of the ordinance to cause the franchise to become null and void.

W. J. McClurg was present and stated that he only had one objection to the amendments and that was to furnishing free gas to the city, and in order to prevent extravagance and wasting, suggested that the company allow the city 50,000 cubic feet per annum, and all over that be charged at the regular rates, less the discount of 20 per cent. As far as the alleys were concerned, he said the company would prefer to lay their pipes in alleys as it meant a saving of \$1 to \$1.50. He was very anxious to get the franchise as soon as possible and asked that council pass it, but the ordinance took the regular course.

A petition signed by over 200 representative citizens asked that measures be taken toward making the old cemetery available for park purposes. At this juncture President Peach left the chair and sent Marshal Johnson upstairs to quell the noise in the armory. When he returned, upon a motion of Mr. Ashbaugh, the matter was left in the hands of Solicitor Grosshans, Engineer George and President Peach, with instructions to report at the next meeting.

There were no committee reports, and the reports of the city officers were heard. During the month the fire department answered five fire, 19 patrol and five ambulance calls, and conveyed 14 prisoners to the lockup. The street commissioner and his force did a great deal of general work, while Mayor Gilbert collected \$46 in fines and licenses. The water works report shows a balance of \$574.82, while the report of City Treasurer Herbert was the same as published in the NEWS REVIEW yesterday.

The pay ordinance was passed without a murmur and an ordinance to license bill posters was read for the first time. It provides that no person shall be permitted to advertise in the corporation any compound not manufactured in the city without first obtaining from the mayor a license which shall cost \$50 a year. The bill poster shall wear a badge upon which the words, "licensed advertiser" and the name of the license shall appear. Violation of the ordinance is punishable by a fine of not less than \$5 nor more than \$25. The ordinance is to be in no way construed to refer to merchants doing business in the city.

A resolution to pave the west side of Jefferson street from Third to the railroad was passed under a suspension of the rules.

An ordinance to improve Eighth and Jethro streets from the Horn switch to the West End school house, by setting curbing and paving the sidewalks, was read. The improvement was recommended by the board of improvement, and upon motion of Mr. Ashbaugh, seconded by Mr. Olmhausen, the rules were suspended and the ordinance passed by a unanimous vote.

An ordinance establishing grade lines on Pennsylvania avenue came next, and was also passed under suspension of the rules.

PIFER WAS RELIEVED

Of \$10 While He Slept on the Queen City.

UNABLE TO SECURE A STATEROOM

He Was Obligated to Sleep on a Cot In the Saloon—The Robber Is Supposed to Have Left the Boat While It Stopped at New Cumberland.

Walter Pifer, of Chicora, Pa., was robbed of \$10 while on his way home from Parkersburg on the Queen City early yesterday morning. As all the state rooms were taken before the boat left Cincinnati, those who got on this side of that place slept on cots in the saloon. Pifer hung his clothing on a chair before he retired, and when he woke up yesterday morning found his pocketbook gone. A search was made, and Pifer said last night he told the captain of the theft, and that he refused to help him find the man. This charge Captain Agnew denies, as he said to a reporter that he never heard of it.

A man about 40 years old was seen get off the boat at New Cumberland when the boat landed there, and is suspected of being the guilty party. All the officers on the Queen City denied the occurrence last night, but among the passengers it was common talk.

IKIRT WAS RIGHT

When He Averred That the Tariff Should Stand.

The Salem News says editorially: "The potters of East Liverpool are to have a raise in wages, the new scale to go into effect on Christmas day. This restores the wages paid just before the cut made necessary by the ex-tariff. It will be remembered that Wilson-Griffin, of East Liverpool, although elected on a platform pledged to smash protection, appeared before the ways and means committee in Washington and 'averred that the tariff on pottery should stand,' meaning the McKinley tariff, and pretty much all of the population of East Liverpool was with him then and believes to this day that he averred just about right."

HE'S POSTED.

He Knew Even the Historical Yellow Canine.

He is an old time resident, but is not yet, by any manner of means, an old man. On the contrary, he is full of life, energy and business vim, and is an earnest advocate of pushing matters towards the prosperity line. He was in the NEWS REVIEW office this morning and was speaking of men who are acquainted with East Liverpool, it's business life and progress, and he remarked:

"Talk about making yourself acquainted with the inhabitants of the town in which you reside. Why, sir, I remember the time when I knew every man, woman and child in East Liverpool, and could locate every family which indulged in the luxury of keeping a dog."

WILL SETTLE UP.

Thomas Stevenson Says He Will Not See Anyone Lose.

It is now a settled fact that the Stevenson homestead will not be sold at a trustees' sale, as was stated some time ago. Thomas Stevenson went to Attorney Marshall's office, yesterday afternoon, and signed several papers securing those who hold the forged notes of his son. Stevenson said to a reporter last night he knew the place would not be sold, and even if it was, not enough money could be realized to pay off everything. "I am unable to say how much I will be able to pay, but as I will not be pushed, I will do the best I can."

STILL A SICK MAN.

Secretary Charles Cannot Receive Visitors.

The last intelligence from the Allegheny General hospital is that Secretary W. H. Charles cannot yet receive his friends. He has suffered relapse after relapse, and although he is now believed to be on the road to recovery, the attending physician will not allow him to see his friends. It will be remembered that Mr. Charles went to the hospital 10 weeks ago, suffering from typhoid fever.

\$2 Excursion to Cleveland.

Saturday, Aug. 14, \$2 round trip tickets to Cleveland will be sold for all regular trains via Pennsylvania lines from East Liverpool good returning until Monday, Aug. 16 inclusive. Every opportunity offered for a pleasant excursion. Steamer rides on Lake Erie to Put-In-Bay, Lakeside, Detroit, etc., may be taken advantage of at a slight additional cost within return limit of Pennsylvania lines excursion tickets.

Klondyke

The Land of Golden Nuggets.

JOSEPH LADUE,

the new Bonanza King of the Klondyke Gold Regions, gives the facts. His book reads like "The Arabian Nights," BUT Joseph Ladue KNOWS whereof he writes. He was the first man on the spot when the first gold was discovered last August, 1896. He located one rich claim and immediately purchased twelve others at a low price before their value was known. He has refused \$100,000 for any ONE of these claims, as they are rich with virgin gold nuggets, beyond the dream of avarice. Joseph Ladue then

Established Dawson City

at the mouth of the Klondyke and Yukon Rivers, by erecting the first house in the region in September, one month after the gold was first discovered. He bought 178 acres from the government on the city site where his town lots 150x50 are now selling for \$5,000 each.

Mr. Ladue was fortunate enough to be successful in his trading post investments to have on hand ample capital to carry out his plans, and there is no man living who is better posted on Alaska and the great North West Territories than Mr. Joseph Ladue. He has just returned from that country to his old home in Schuier Falls, N. Y., where he passed a large portion of his boyhood and early manhood. Mr. Ladue left his home nearly twenty years ago to seek his fortune in the west going first to the Black Hills, where he was successful in gold mining, thence to Arizona and the Pacific coast and finally located in Alaska and the northwest, where he has covered almost the entire country since 1882. Mr. Ladue is a typical pioneer: strong, hardy and resolute—a man of iron as one must needs be to go through the hardships he has and come out with a constitution unbroken and unimpaired at about the age of 43. Mr. Ladue has not only worked his muscles to good advantage to himself with the result of an abundance of the world's goods, far beyond the dreams of men, but he has evidently all this time been closely observing the conditions of that strange country—the Yukon Valley—which has so suddenly become one of the great centers upon which human interest throughout the world is focussed.

When the wonderful stories began to come down from the Yukon country it was naturally concluded that it was at least half exaggeration. That any such amount of gold could be taken in so short a time from a country like that under the most most unfavorable conditions was held to be incredible. But when the great bags of virgin gold began to be poured out upon mint counters in San Francisco under the eyes of the whole world (for modern journalism does this, annihilating time and space) people began to wonder and the wonder grew day by day as the real facts were disclosed, and now people who are well informed as to the facts declare that half the truth has not been told of the golden treasures of the Yukon Valley.

As we have already said, there is no man today alive who knows more about this wonderful country than does Mr. Ladue. What makes his talk of it specially interesting and reliable is the fact that his knowledge of it is practical. It has not been gained from hearsay nor from desultory visits made now and then at certain favorable seasons of the year, but from steady living there through the long summer days and the long winter nights, year in and year out for 15 years, where he now owns the best mining claims on the Klondyke and its tributaries.

In presenting his book to the public we do so knowing that it is by an authority on the subject of which he writes. His first work entitled

"Klondyke Nuggets"

is a brief description of the new gold regions, and anyone desiring authentic information should not fail to avail themselves of our

NOMINAL OFFER

which places the facts in the possession of our readers. REMEMBER, that our office is the sole distributing point for this locality, having closed exclusive arrangements with Mr. Ladue's publishers.

The cover of the work is beautifully printed in red and gold, the gold showing one of the author's nuggets as nearly as it is possible to reproduce it on paper.

It is easy to secure a copy of "KLONDYKE NUGGETS." Cut out the Coupon and follow instructions.

COUPON FOR "KLONDYKE NUGGETS."

Cut out this Coupon and bring it with you as an evidence that you are a reader of the NEWS REVIEW, and Ten Cents in cash and a copy of "Klondyke Nuggets," by Joseph Ladue, the Bonanza King of the new gold regions, will be handed to you. Cut out this coupon and send it together with 12c in stamps for clerical work and mailing expenses, and we will send a copy of "Klondyke Nuggets" to your address. PIFER WAS RELIEVED

Of \$10 While He Slept on the Queen City.

UNABLE TO SECURE A STATEROOM

He Was Obligated to Sleep on a Cot In the Saloon—The Robber Is Supposed to Have Left the Boat While It Stopped at New Cumberland.

Walter Pifer, of Chicora, Pa., was robbed of \$10 while on his way home from Parkersburg on the Queen City early yesterday morning. As all the state rooms were taken before the boat left Cincinnati, those who got on this side of that place slept on cots in the saloon. Pifer hung his clothing on a chair before he retired, and when he awoke up yesterday morning found his pocketbook gone. A search was made, and Pifer said last night he told the captain of the theft, and that he refused to help him find the man. This charge Captain Agnew denies, as he said to a reporter that he never heard of it.

A man about 40 years old was seen get off the boat at New Cumberland when the boat landed there, and is suspected of being the guilty party. All the officers on the Queen City denied the occurrence last night, but among the passengers it was common talk.

IKIRT WAS RIGHT

When He Averred That the Tariff Should Stand.

The Salem News says editorially: "The potters of East Liverpool are to have a raise in wages, the new scale to go into effect on Christmas day. This restores the wages paid just before the cut made necessary by the Wilson tariff. It will be remembered that ex-Congressman Ikirt, of East Liverpool, although elected on a platform pledged to smash protection, appeared before the ways and means committee in Washington and 'averred that the tariff on pottery should stand,' meaning the McKinley tariff, and pretty much all of the population of East Liverpool was with him then and believes to this day that he averred just about right."

HE'S POSTED.

He Knew Even the Historical Yellow Canine.

He is an old time resident, but is not yet, by any manner of means, an old man. On the contrary, he is full of life, energy and business vim, and is an earnest advocate of pushing matters towards the prosperity line. He was in the News Review office this morning and was speaking of men who are acquainted with East Liverpool, it's business life and progress, and he remarked:

"Talk about making yourself acquainted with the inhabitants of the town in which you reside. Why, sir, I remember the time when I knew every man, woman and child in East Liverpool, and could locate every family which indulged in the luxury of keeping a dog."

WILL SETTLE UP.

Thomas Stevenson Says He Will Not See Anyone Lose.

It is now a settled fact that the Stevenson homestead will not be sold at a trustees' sale, as was stated some time ago. Thomas Stevenson went to Attorney Marshall's office, yesterday afternoon, and signed several papers securing those who hold the forged notes of his son. Stevenson said to a reporter last night he knew the place would not be sold, and even if it was, not enough money could be realized to pay off everything. "I am unable to say how much I will be able to pay, but as I will not be pushed, I will do the best I can."

STILL A SICK MAN.

Secretary Charles Cannot Receive Visitors.

The last intelligence from the Allegheny General hospital is that Secretary W. H. Charles cannot yet receive his friends. He has suffered relapse after relapse, and although he is now believed to be on the road to recovery, the attending physician will not allow him to see his friends. It will be remembered that Mr. Charles went to the hospital 10 weeks ago, suffering from typhoid fever.

Klondyke

The Land of Golden Nuggets.

JOSEPH LADUE,

the new Bonanza King of the Klondyke Gold Regions, gives the facts. His book reads like "The Arabian Nights," BUT Joseph Ladue KNOWS whereof he writes. He was the first man on the spot when the first gold was discovered last August, 1896. He located one rich claim and immediately purchased twelve others at a low price before their value was known. He has refused \$100,000 for any ONE of these claims, as they are rich with virgin gold nuggets, beyond the dream of avarice. Joseph Ladue then

Established Dawson City

at the mouth of the Klondyke and Yukon Rivers, by erecting the first house in the region in September, one month after the gold was first discovered. He bought 178 acres from the government on the city site where his town lots 150x50 are now selling for \$5,000 each.

Mr. Ladue was fortunate enough to be successful in his trading post investments to have on hand ample capital to carry out his plans, and there is no man living who is better posted on Alaska and the great North West Territories than Mr. Joseph Ladue. He has just returned from that country to his old home in Schuier Falls, N. Y., where he passed a large portion of his boyhood and early manhood. Mr. Ladue left his home nearly twenty years ago to seek his fortune in the west going first to the Black Hills, where he was successful in gold mining, thence to Arizona and the Pacific coast and finally located in Alaska and the northwest, where he has covered almost the entire country since 1882. Mr. Ladue is a typical pioneer: strong, hardy and resolute—a man of iron as one must needs be to go through the hardships he has and come out with a constitution unbroken and unimpaired at about the age of 43. Mr. Ladue has not only worked his muscles to good advantage to himself with the result of an abundance of the world's goods, far beyond the dreams of men, but he has evidently all this time been closely observing the conditions of that strange country—the Yukon Valley—which has so suddenly become one of the great centers upon which human interest throughout the world is focussed.

When the wonderful stories began to come down from the Yukon country it was naturally concluded that it was at least half exaggeration. That any such amount of gold could be taken in so short a time from a country like that under the most most unfavorable conditions was held to be incredible. But when the great bags of virgin gold began to be poured out upon mint counters in San Francisco under the eyes of the whole world (for modern journalism does this, annihilating time and space) people began to wonder and the wonder grew day by day as the real facts were disclosed, and now people who are well informed as to the facts declare that half the truth has not been told of the golden treasures of the Yukon Valley.

As we have already said, there is no man today alive who knows more about this wonderful country than does Mr. Ladue. What makes his talk of it specially interesting and reliable is the fact that his knowledge of it is practical. It has not been gained from hearsay nor from desultory visits made now and then at certain favorable seasons of the year, but from steady living there through the long summer days and the long winter nights, year in and year out for 15 years, where he now owns the best mining claims on the Klondyke and its tributaries.

In presenting his book to the public we do so knowing that it is by an authority on the subject of which he writes. His first work entitled

"Klondyke Nuggets"

is a brief description of the new gold regions, and anyone desiring authentic information should not fail to avail themselves of our

NOMINAL OFFER

which places the facts in the possession of our readers. REMEMBER, that our office is the sole distributing point for this locality, having closed exclusive arrangements with Mr. Ladue's publishers.

The cover of the work is beautifully printed in red and gold, the gold showing one of the author's nuggets as nearly as it is possible to reproduce it on paper.

It is easy to secure a copy of "KLONDYKE NUGGETS." Cut out the Coupon and follow instructions.

COUPON FOR "KLONDYKE NUGGETS."

Cut out this Coupon and bring it with you as an evidence that you are a reader of the News Review, and Ten Cents in cash and a copy of "Klondyke Nuggets," by Joseph Ladue, the Bonanza King of the new gold regions, will be handed to you.

Cut out this coupon and send it together with 12c in stamps for clerical work and mailing expenses, and we will send a copy of "Klondyke Nuggets" to your address. Write very clearly and give your name and address in full.

A MAMMOTH PLANT

Will Be That of the McClurg Gas Company.

WILL COVER AN ACRE OF GROUND

And Will Cost Between \$75,000 and \$100,000 — Employment to Ten Men and Have a Capacity of 200,000 Candle Power.

If the W. J. McClurg gas company succeeds in securing a franchise, the industry will be quite an addition to the city.

A NEWS REVIEW reporter last evening had an interview with W. J. McClurg, the head of the construction company in which he said: We propose to put a plant in your city that will cover the greater part of an acre of ground, and will cost between \$75,000 and \$100,000, in addition to which we will expend \$30,000 in laying street mains. When complete, our plant will employ about 10 men and will have a capacity of 200,000 candle power, although we expect to begin with a capacity of from 60,000 to 75,000 candle power. The process by which we manufacture gas is from coal and water, and we now have two plants in Ohio and several in Pennsylvania in successful operation. We will commence work as soon as the franchise is granted, as the bonds are all sold and owned by eastern capitalists. The company I represent is capitalized at \$1,000,000. We have another city in view, and could get a franchise, but would rather locate in your city, as there is an evidence of returning prosperity here that is not at present seen in many cities its size."

In reply to a question if a site had been selected, he said: "We have secured options on three or four desirable places, but I would not care to state where they are until after I see if we get a franchise."

The members of council are very friendly toward the company, and there is but little doubt the company will secure the franchise.

THAT UNRELIABLE FELLOW.

He Is Conspicuous by His Glaring Falsehoods.

We refer to the East Liverpool correspondent of the Pittsburgh Dispatch. You know him, and you know that he is a sensationalist from Sensation, Buncombe county, state of Munchausenism. He saw fit to put a damper on the good news from Trenton by asserting that the committee from the working potters had exceeded the authority conferred upon them by the Brotherhood, and intimated that there might yet be trouble. The NEWS REVIEW representative had an interview with President Al Hughes just before the latter took his departure for the east, and President Hughes stated that the committee had full power to act in the premises. The fellow who would try to create difficulty in such an emergency, and send out, through the public press, such infamous falsehoods, deserves a coat of tar and feathers and a ride on the feather edge of a rail. You know him. He is a great "roaster," and an abject "apologizer" the next day.

DOUBLE TROLLEY WIRE.

The Street Cars to Be Run on a Five Minute Schedule.

The street car company are putting in double trolley wires, and as soon as the work is completed, cars will go down on one wire and come back on the other, thus avoiding all trouble at switches. The work has now reached Tenth street, and as the cars have to run backward, a number of the summer cars are taken off during the day, but are put on again in the evening. As soon as the work of repairing the line is completed, it is probable the cars will be run on a five minute schedule.

A Night of Melody and Fun.

Fine singing, instrumental solos, intricate dancing, funny characters, witticisms, vaudeville features, cornet solos, musical acts, etc., and a rousing after-piece will constitute a night of mirth and fun when Hi Henry's new big minstrel aggregation will swoop down on the city and present their new budget of features. This attraction is up to date in every respect. During the summer vacation many new features have been added. The old favorites are retained and the bill strengthened by new ones, and the admissions are the lowest ever known in minstrelsy, 15, 25, 35 and 50c. Seats are now on sale at the usual place. Low Rates For Vacation Trips and Outings Along the Ocean.

Round Trip From Steubenville Only \$10.

General excursions to the seashore at exceptionally low rates will be inaugurated by the Pennsylvania lines this summer, offering a grand opportunity for delightful outings at the most popular ocean resorts on the continent. This announcement will be good news to persons who may desire to enjoy their vacations at the seaside. They may visit Atlantic City, Cape May, Avalon, Sea Isle City, Anglesea, Ocean City, Holly Beach or wildwood, at very low fare, round trip tickets to either resort being obtainable at the same rate.

The first excursion will be run Thursday, July 15, followed by others on July 59th, August 12 and 21. Round trip rates to either Atlantic City, Cape May, Avalon, Sea Island City, Anglesia, Ocean City, Wildwood or Holly Beach, New Jersey, will be \$10 from Steubenville.

Excursion tickets will be good going on trains leaving Steubenville 4:24 a. m., 1:09 p. m., 2:15 p. m., and 4:08 p. m. The 4:45 a. m. train connects in Pittsburgh Union Station with a special train of parlor cars and coaches running through to Atlantic City via Delaware bridge route, arriving at Philadelphia at 6:25 p. m., Atlantic City, 8:55 p. m., making the night from Pittsburgh to the seashore in 12 hours. Excursionists may spend the night in Philadelphia and proceed to the shore by any regular train the following day. The 4:08 p. m. train has sleeping cars from Steubenville to Philadelphia without change, and will connect in Pittsburgh union station with sleeping cars running through to Atlantic city.

The return limit will cover 12 days including date of sale, which will be ample for customary 10 days' vacation. For further desired information, apply to J. K. Dillon, D. P. A., Pittsburg, Pa., for particulars. Illustrated description

of resorts to which excursion tickets will be sold, with list of hotels, and boarding houses at each, will be furnished upon application.

Low Rates.

Special reductions in fare over the Pennsylvania lines will be granted for numerous events to take place this summer in various parts of the United States, in addition to local excursions. Some of the points to which tickets will be sold and dates of sale are as follows:

To Nashville, Tenn., daily to October 15, for Tennessee Centennial and International exposition.

To Winona assembly grounds, Eagle Lake, (near Warsaw, Ind.) May 15 to August 31, for annual assembly and summer school.

To Indianapolis, September 8 and 9, for National Encampment Sons of Veterans.

The reduced rates over the Pennsylvania lines will not be restricted to members of the organizations mentioned, but may be taken advantage of by the public generally. Excursion tickets may be obtained at ticket offices on the Pennsylvania system and will also be sold over this route by connecting railways. Any Pennsylvania line ticket or passenger agent will furnish desired information concerning rates, time of trains, return limit, and other details, to all applicants, or the same may be obtained by addressing Samuel Moody, assistant general passenger agent, Pittsburg, Pa.

Excursions to Nashville.

The Tennessee Centennial and International exposition will be in progress at Nashville, Tenn., from May until October inclusive. Special low rate round trip ticket will be sold via Pennsylvania lines for this event. A MAMMOTH PLANT

Will Be That of the McClurg Gas Company.

WILL COVER AN ACRE OF GROUND

And Will Cost Between \$75,000 and \$100,000 — Employment to Ten Men and Have a Capacity of 200,000 Candle Power.

If the W. J. McClurg gas company succeeds in securing a franchise, the industry will be quite an addition to the city.

A NEWS REVIEW reporter last evening had an interview with W. J. McClurg, the head of the construction company in which he said: We propose to put a plant in your city that will cover the greater part of an acre of ground, and will cost between \$75,000 and \$100,000, in addition to which we will expend \$30,000 in laying street mains. When complete, our plant will employ about 10 men and will have a capacity of 200,000 candle power, although we expect to begin with a capacity of from 60,000 to 75,000 candle power. The process by which we manufacture gas is from coal and water, and we now have two plants in Ohio and several in Pennsylvania in successful operation. We will commence work as soon as the franchise is granted, as the bonds are all sold and owned by eastern capitalists. The company I represent is capitalized at \$1,000,000. We have another city in view, and could get a franchise, but would rather locate in your city, as there is an evidence of returning prosperity here that is not at present seen in many cities its size."

In reply to a question if a site had been selected, he said: "We have secured options on three or four desirable places, but I would not care to state where they are until after I see if we get a franchise."

The members of council are very friendly toward the company, and there is but little doubt the company will secure the franchise.

THAT UNRELIABLE FELLOW.

He Is Conspicuous by His Glaring Falsehoods.

We refer to the East Liverpool correspondent of the Pittsburg Dispatch. You know him, and you know that he is a sensationalist from Sensation, Buncombe county, state of Munchausenism. He saw fit to put a damper on the good news from Trenton by asserting that the committee from the working potters had exceeded the authority conferred upon them by the Brotherhood, and intimated that there might yet be trouble. The NEWS REVIEW representative had an interview with President Al Hughes just before the latter took his departure for the east, and President Hughes stated that the committee had full power to act in the premises. The fellow who would try to create difficulty in such an emergency, and send out, through the public press, such infamous falsehoods, deserves a coat of tar and feathers and a ride on the feather edge of a rail. You know him. He is a great "roaster," and an abject "apologizer" the next day.

DOUBLE TROLLEY WIRE.

The Street Cars to Be Run on a Five Minute Schedule.

The street car company are putting in double trolley wires, and as soon as the work is completed, cars will go down on one wire and come back on the other, thus avoiding all trouble at switches. The work has now reached Tenth street, and as the cars have to run backward, a number of the summer cars are taken off during the day, but are put on again in the evening. As soon as the work of repairing the line is completed, it is probable the cars will be run on a five minute schedule.

A Night of Melody and Fun.

Fine singing, instrumental solos, intricate dancing, funny characters, witticisms, vaudeville features, cornet solos, musical acts, etc., and a rousing after-piece will constitute a night of mirth and fun when Hi Henry's new big minstrel aggregation will swoop down on the city and present their new budget of features. This attraction is up to date in every respect. During the summer vacation many new features have been added. The old favorites are retained and the bill strengthened by new ones, and the admissions are the lowest ever known in minstrelsy, 15, 25, 35 and 50c. Seats are now on sale at the usual place. Low Rates For Vacation Trips and Outings Along the Ocean.

Round Trip From Steubenville Only \$10.

General excursions to the seashore at exceptionally low rates will be inaugurated by the Pennsylvania lines this summer, offering a grand opportunity for delightful outings at the most popular ocean resorts on the continent. This announcement will be good news to persons who may desire to enjoy their vacations at the seaside. They may visit Atlantic City, Cape May, Avalon, Sea Isle City, Anglesea, Ocean City, Holly Beach or wildwood, at very low fare, round trip tickets to either resort being obtainable at the same rate.

The first excursion will be run Thursday, July 15, followed by others on July 59th, August 12 and 21. Round trip rates to either Atlantic City, Cape May, Avalon, Sea Island City, Anglesea, Ocean City, Wildwood or Holly Beach, New Jersey, will be \$10 from Steubenville.

Excursion tickets will be good going on trains leaving Steubenville 4:24 a. m., 1:09 p. m., 2:15 p. m., and 4:08 p. m. The 4:45 a. m. train connects in Pittsburgh Union Station with a special train of parlor cars and coaches running through to Atlantic City via Delaware bridge route, arriving at Philadelphia at 6:25 p. m., Atlantic City, 8:55 p. m., making the run from Pittsburgh to the seashore in 12 hours. Excursionists may spend the night in Philadelphia and proceed to the shore by any regular train the following day. The 4:08 p. m. train has sleeping cars from Steubenville to Philadelphia without change, and will connect in Pittsburgh union station with Sleeping cars running through to Atlantic City.

The return limit will cover 12 days including date of sale, which will be ample for customary 10 days' vacation. For further desired information, apply to J. K. Dillon, D. P. A., Pittsburg, Pa., for particulars. Illustrated description

of resorts to which excursion tickets will be sold, with list of hotels, and boarding houses at each, will be furnished upon application.

Low Rates.

Special reductions in fare over the Pennsylvania lines will be granted for numerous events to take place this summer in various parts of the United States, in addition to local excursions. Some of the points to which tickets will be sold and dates of sale are as follows:

To Nashville, Tenn., daily to October 15, for Tennessee Centennial and International exposition.

To Winona assembly grounds, Eagle Lake, (near Warsaw, Ind.,) May 15 to August 31, for annual assembly and summer school.

To Indianapolis, September 8 and 9, for National Encampment Sons of Veterans.

The reduced rates over the Pennsylvania lines will not be restricted to members of the organizations mentioned, but may be taken advantage of by the public generally. Excursion tickets may be obtained at ticket offices on the Pennsylvania system and will also be sold over this route by connecting railways. Any Pennsylvania line ticket or passenger agent will furnish desired information concerning rates, time of trains, return limit, and other details, to all applicants, or the same may be obtained by addressing Samuel Moody, assistant general passenger agent, Pittsburg, Pa.

Excursions to Nashville.

The Tennessee Centennial and International exposition will be in progress at Nashville, Tenn., from May until October inclusive. Special low rate round trip ticket will be sold via Pennsylvania lines for this event. Full particulars concerning fare, dates of sales, time of train, etc., may be obtained upon application to the nearest Pennsylvania line ticket agent, or by addressing D. C. MacWatters, district passenger agent, Pittsburg, Pa.

G. A. R. in Buffalo.

Excursion tickets to Buffalo for the G. A. R. National Encampment will be sold via Pennsylvania lines Aug. 21, 22, and 23. Return limit will include Aug. 31, with privilege of extending the limit to Sept. 20, inclusive. For rates, time of trains and other details apply to nearest Pennsylvania line ticket agent or address J. K. Dillon, Pittsburg, Pa.

said he would like to know just what had been done in the Pennsylvania avenue condemnation proceedings, and the engineer said they were getting plats of the land and preparing to write a description of it. To this Mr. Stewart replied: "I think we have got the cart before the horse and should proceed with the other property as we did with the Thompson heirs, and before condemnation proceedings are commenced, we should have some idea of the cost. If I had been present at the last meeting I would have opposed the action, but when I left, the majority of council seemed opposed to it and when I read the papers the next day I was surprised to find how quick a somersault they had made."

Mr. Olmhausen moved all action in the matter be rescinded, which was seconded by Mr. Ashbaugh, after he had found Mr. Olmhausen had voted in favor of the condemnation proceedings. The motion was carried, Mr. Challis voting no, and, after the hole in Avondale street had been referred to the board of health, council adjourned to a Sixth street restaurant, where the members and reporters enjoyed ice cream at the expense of Mr. Cain.

Only One Week More of the Clearance Sale.

WE will make this last week the most interesting part of the sale, however. Shall depend on the prices to make it so.

EVERY SHIRT WAIST MUST GO.

In order to help out in this we have divided them into 3 lots.
THE 25c LOT includes all the regular 40c and 50c waists, light, dark and medium colors, all sizes. Your choice for 25c each.
THE 50c LOT includes all the regular 75c, 85c and \$1 waists. Your choice 50c.
THE \$1 LOT includes all the rest of the shirt waist stock. Quite a number of these are \$1.25, some \$2, and up to \$3 apiece. Your choice for \$1. MISSES SHIRT WAISTS HALF PRICE. The 50c ones at 25c each, the \$1 ones at 50c each, the \$1.25 ones at 63c each.

WRAPPERS.

Have divided our Wrapper Stock into 3 lots.
THE 55c LOT includes all the 75c goods, in blue, grey, black and red calico wrappers. Your choice 55c.
THE 75c LOT includes all the 85c and \$1 wrappers of calico and percale.
THE \$1 LOT includes all wrappers of whatever kind, from \$1.25 up to \$2; or in other words, we will give you the choice of our entire wrapper stock for \$1 each

WASH DRESS GOODS.

Will offer stock of colored lawns, dimities and organdies at exactly half the former selling price. L was that formerly sold at 8c will go for 4c a yard, 10c dimities at 5c a yard, 12c lawns at 6c a yard, 15c lawns and dimities at 7c a yard, 25c goods at 12c a yard. \$4.50 organdie dress patterns at \$2.25, \$5 organdie dress patterns at \$2.50 per pattern.

PARASOLS.

Still have a few left. Will close them out at half price.

REMNANTS AT HALF PRICE.

In marking these remnants for the sale we marked them down to cost; or even below cost in some cases. A great many of them sold at these prices, and were bargains, but we still have some things left, and in order to close these out at once, we will offer them Saturday at half present marked prices. This means you can buy remnants of dress goods, silks, domestics, lawns, and linings at half, or less than half, of first cost. It will pay you to investigate these offerings, as there are some choice things among them. You will find short lengths and ends suitable for skirts, school dresses, etc.

Sale Begins Saturday, August 7, and Continues One Week.

LOCAL BREVITIES.

Today is city pay day.

A for sale banner was today placed on the Fifth street rink.

Bad Hilliard and family moved to their new residence in Chester today.

A number of little folks spent a very pleasant afternoon at the Riverside park.

The E. L. McCoy Drilling company this morning commenced work drilling for oil on the Croft farm.

A colored church from Allegheny will hold a picnic at Rock Spring tomorrow. A large crowd is expected.

The Toronto base ball club has issued a challenge to play New Cumberland a series of three games for \$200 a side.

The Christian church will give a picnic at Rock Spring next Friday. It is possible the Steubenville church will attend.

A letter received in this city this morning from Charles Tarr states he has accepted a position in Fairport, N. Y.

Judge P. C. Young and F. T. Snowden, of Wellsville, are now in Cleveland and are expected to return home Friday evening.

Miss Maggie Williams and Miss Byers returned home yesterday from a bicycle trip to Steubenville. They were gone two days.

The services at Spring Grove, last evening, were well attended, and the address of Rev. J. C. Sechrist was a forcible one.

A representative of the Cleveland and Pittsburg railroad was in East End locating the switch to be built to the new pottery.

The employees of the decorating department of the Dresden pottery and their friends yesterday picnicked at Rock Spring.

A wagon loaded with broken bricks broke an axle in West Market street today. The contents were well scattered over the street.

The river is still falling, and at noon today the marks showed 3.4 feet of water at the wharf. Passed down—Kanawha and Queen City.

William Bott and sister, Miss Nellie, entertained a number of young friends at their home in Sunnyside last evening. About 15 couple were present.

Clerk Hanley was busy this morning making cheques out for the bills ordered paid by claims committee Monday night. The work lasted several hours.

All the coal floats tied to the local wharf are now being repaired. New floors are being put in some of them, and other improvements are being added.

Coach 601 of the Cleveland and Pittsburg road presented a neat appearance this morning on its way to Cleveland. It was its first trip since it came from the shops.

Mike Lynch left this morning for Salineville, where he pitched for the ball team of that place against the Salem boys. Tomorrow he will face the Minerva team.

Mrs. Nellie Dufey died yesterday at her home in railroad street, aged 27 years. The funeral took place this afternoon at 4 o'clock. Interment was made at Riverview.

WILL GO TO THE WORKS.

CONTINUED FROM FIFTH PAGE.

said he would like to know just what had been done in the Pennsylvania avenue condemnation proceedings, and the engineer said they were getting plats of the land and preparing to write a description of it. To this Mr. Stewart replied: "I think we have got the cart before the horse and should proceed with the other property as we did with the Thompson heirs, and before condemnation proceedings are commenced, we should have some idea of the cost. If I had been present at the last meeting I would have opposed the action, but when I left, the majority of council seemed opposed to it and when I read the papers the next day I was surprised to find how quick a somersault they had made."

Mr. Olmhausen moved all action in the matter be rescinded, which was seconded by Mr. Ashbaugh, after he had found Mr. Olmhausen had voted in favor of the condemnation proceedings. The motion was carried, Mr. Challis voting no, and, after the hole in Avondale street had been referred to the board of health, council adjourned to a Sixth street restaurant, where the members and reporters enjoyed ice cream at the expense of Mr. Cain.

TO OUR BUSINESS MEN

When You Want Job Work, Come and See Us.

With thousands of dollars invested in our job department, we have the most complete job office in all this section of Ohio, and we simply defy competition. The NEWS REVIEW has honestly won the verdict, from our business men, of turning out the finest job work in the city. We buy material in large lots, and pay spot cash for the same, and, for the same material, we defy competition in prices. If you want cheap material, we will furnish it to you. If you want fine material, we have it always on hand. We pay our skilled workmen the highest prices paid the craft in East Liverpool, HIGHER THAN THE UNION DEMANDS and no union office can underbid us. The proof of the pudding is in the eating thereof. Let us give you an estimate.
